The land where Bey Kiosk Project is being implemented ,is located 130 metres above the sea level. This area is rich in oxygen and has the highest rate of oxygen in the region . In the early 1800s,this area was used as a natural treatment center for the senior executives of the Ottoman Empire with asthma .

Bey Kiosk Project : Bey Kiosk is being constructed just in the center of Kavaklı Town resulted in the foundation of Beylikdüzü Municipality. Bey Kiosk offers you all the advantages of city life because of its location with easy reach to all social activity centers , moreover ,moreover, right in the middle of green and blue ...

Beylikdüzü city center is located in the North of the Project , and Marmara Sea takes place in the South direction ,Büyüçekmece is in the west direction while Avcılar is in the east direction. There is a grove of two thousand trees in the Project land. The surrounding forest and the sea next to you ... In the apartments where the sun shines daytime and at night you can enjoy endless combination of light and phosphorescence

You and your family live in peace, may live in health and comfort of Beylikdüzü the special project: the Summer Palace Mansions Bey ...
